SUMMARY

Frontend Developer with 3 years of experience building scalable, high-performance, and accessible web applications using React, Next.js, and modern JavaScript frameworks. Skilled in API integration, performance optimization, and creating SEO-friendly, responsive UIs with Tailwind CSS and Chakra UI. Experienced in Git, Agile practices, and deploying apps on Vercel and Netlify, with a strong focus on accessibility (WCAG) and user experience.

TECHNICAL SKILLS

Frontend Foundations HTML, CSS, JavaScript
Frameworks & Libraries React, Next.js, Node.js, Nunjucks, Chakra UI, SCSS, Context API, React Router, Framer Motion, Tailwind CSS, Rest API.
Tools : Git, GitHub, Bitbucket, VS Code, Jira, Vercel, Netlify, Figma, BrowserStack. Lighthouse
Core Web Skill : API Integration, Performance Optimization, Page SEO, Web Accessibility(a11y), WCAG, Cross-Browser Testing.

WORK EXPERIENCE

Frontend Developer

AccelerateBS, Ahmedabad, Gujrat, India   *July 2022 - Present*

- Developed responsive, cross-browser web applications using **HTML**, **CSS**, **React** and **Next.Js**, aligned with modern **UI/UX** and **accessibility** standards
- Implemented interactive UI animations using **Tailwind CSS** and **Framer Motion** to elevate user engagement.
- Optimized application performance with **code-splitting, lazy loading, and caching** — achieving **faster load times** and smoother navigation.
- Launched production-ready apps on **Vercel** and **Netlify**, improved **SEO performance** through server-side rendering and best practices, and **enhanced** UI interactivity using Lottie and Framer Motion animations.

Frontend Developer Intern

Newton School, Remote   *Sept 2021 - June 2022*

- Built projects including Recipe Finder, Dogs Gallery, Weather App, and Stopwatch
- Strengthened practical experience in frontend development by actively participating in collaborative projects.

PROJECTS

- **Getivity – Project & Time Tracker**
  * Developed a client and project management tool using **Next.js, React.js**, **Chakra UI**, and **Contentful CMS**.
  * Implemented core features like **task assignments**, **time tracking**, and **project management** with a clean, efficient UI.
  * Leveraged **Next.js core features** such as **API routes**, **dynamic routing**, and **SSR** for performance and scalability.

- **Filsuvez – Medical Info Platform - Filsuvez**
  * Developed a responsive medical web app using **Next.js**, **Tailwind CSS**, **Framer and Lottie Motion**.
  * Displayed disease-related content with smooth UI transitions and animations.
  * Ensured mobile-first responsiveness Page SEO, Accessibility and Perforamnce.

- **BrightDrop – Logistics Web App - Brightdrop**
  * Created a modern logistics dashboard with **Next.js**, **React.js, Tailwind CSS** and **Framer Motion**.
  * Focused on **UI performance**, **component-level optimization, Page SEO, Accessibility**, and **visual consistency**

EDUCATION

Nagpur University   **Nagpur, Maharashtra, India**
Bachelor of Engineering, Mechanical (8.38 CGPA)   *Jul 2015 - May 2019*

HOBBIES AND INTEREST

- **Travelling, Reading, Crafting, Cooking**
